

Dear Friend,

So far in 2013, Daily Work has met with 19 new job seekers at our New Brighton location alone, and helped 11 people secure new employment.

On average, those 11 jobs pay \$9.70 per hour (ranging from \$7.25 to \$16 per hour) and provide almost 30 hours of work per week (ranging from 4 - 40 hours).

In real dollars, that's more than **\$160,000** invested back into our local community in the form of purchases for food, clothing and shelter.

## It's Not Too Late to Make a Difference

For just a little over \$1,000, you can help someone find a new job...and a new outlook on life. Between now and the end of this year, we need to raise \$10,000 to meet our cash flow needs...and help at least 10 more people find work.

The good news is your \$1,000 investment pays off

by more than 12x's in income earned by our job seekers, who reinvest their earnings directly back into our communities. If you have been thinking about ways to make a life-changing difference for someone this year, invest in a job seeker, [like Tracey](#), at Daily Work. If \$1,000 is not the right investment for you, read on to see how every contribution makes a difference.

Your support helps people like Tracey.

### Household Goods Needed

Are you cleaning out your closets or getting ready to down-size? If so, consider donating your household items to a family (two adults, one child) who just moved here from Ethiopia.

They need **everything** to set up a new household including: Full/Queen bed, twin bed, dressers, couch, chair, television, towels, linens, pots, pans, dishes, silver, etc. If you can help make life a little easier for this family, call Julie at [651-204-3043](tel:651-204-3043).
