

Be Part of Something Powerful!

Become a sponsor of the 2026 Steps to Success benefit – and help job seekers find quality work through Daily Work’s comprehensive, relationship-based employment services.

For 25 years, we have supported people with the essentials that make work possible: job searches and applications, basic needs, digital skills, driver’s licenses, and more. These investments strengthen our entire community, putting individuals and families on the path to success and helping employers find the talent they need.

Jobs don’t just change lives; they build communities.

What Daily Work Does

Since 2000, we have evolved to provide unique, personalized support for people facing complex challenges to employment. We go beyond basic job search aid to address the full picture of stability and success through programs that include:

Employment Services: One-on-one guidance that addresses any obstacle to work.

Stability Supports: Direct assistance and referrals for housing, healthcare, and other essentials to promote readiness and family security.

Technology Essentials (TECI): Laptops, internet access, and tech-skills training to help close the digital divide.

Practice Driving: Supervised practice and a vehicle for testing, helping job seekers gain a license and greater job mobility.

Prosperity Ready: Online training to help internationally educated professionals navigate U.S. workplace culture and secure jobs that match their skills.

Social Services Internships: A combination of education and real-world experience to prepare future professionals to serve diverse communities with empathy and skill.

The Impact

The economy depends on a strong workforce, and immigrants are driving that growth in Minnesota – making up nearly 60% of recent labor force expansion, and bringing knowledge and determination that bolster every sector.
